

ADD-ON COACHING FOR PROGRAM ALUM

ONE-ON-ONE LEADERSHIP COACHING

This personalized coaching service is offered as an add-on package for any Core Leadership program alum who has specific leadership development goals and would like the support of a coach to help accelerate those goals into action. One-on-one coaching is designed to power individual leadership potential and maximize skills based on the identification of timely and relevant development goals and intentional coaching around those goals. By focusing on specific leadership development goals identified by the coachee, this highly personalized service positively impacts targeted scenarios and opportunities within the context of your role and organization.

EXPECTED OUTCOMES

- Identification of specific leadership development goals and advancement of those goals
- Improved self-awareness
- Growth in critical thinking skills
- Powered individual leadership potential
